Re: Extension of Phase 1 of the DFN Restart Plan

Please be advised,

The DFN Will remain in Phase 1 of the Restart Plan until February 5, 2021. This extension is in response to the continued high numbers of Covid19 cases throughout the Province. The DFN continues to work in line with the Province of British Columbia in the effort to flatten the curve of this Pandemic.

PHO order on province-wide restrictions

By order and direction of the Provincial Health Officer (PHO), all events and social gatherings are suspended to significantly reduce COVID-19 transmission related to social interactions and travel.

The order is in effect from November 19, 2020 at midnight to February 5, 2021 at midnight.

The Council, with advisement from the DFN Emergency Management Team, will review BC orders after February 7th and will adjust our response accordingly with regards to the Restart Plan Initiative.

On behalf of the Council and EMT, I thank our community for their continued support and adherence to our Plans in response to the Covid19 Pandemic. Let us continue to work together to safeguard our community.
