Management's Responsibility

To the Members of Dzawada'enuxw First Nation:

The accompanying consolidated financial statements of Dzawada'enuxw First Nation are the responsibility of management and have been approved by Chair and Council.

Management is responsible for the preparation and presentation of the accompanying consolidated financial statements, including responsibility for significant accounting judgments and estimates in accordance with Canadian public sector accounting standards. This responsibility includes selecting appropriate accounting principles and methods, and making decisions affecting the measurement of transactions in which objective judgment is required.

In discharging its responsibilities for the integrity and fairness of the consolidated financial statements, management designs and maintains the necessary accounting systems and related internal controls to provide reasonable assurance that transactions are authorized, assets are safeguarded and financial records are properly maintained to provide reliable information for the preparation of consolidated financial statements.

The Dzawada'enuxw First Nation Chair and Council are responsible for overseeing management in the performance of its financial reporting responsibilities, and for approving the consolidated financial statements. The Chair and Council fulfil these responsibilities by reviewing the financial information prepared by management and discussing relevant matters with management and external auditors. The Chair and Council are also responsible for recommending the appointment of the Nation's external auditors.

MNP LLP is appointed by Chair and Council to audit the consolidated financial statements and report directly to them; their report follows. The external auditors have full and free access to, and meet periodically with, both the Chair and Council and management to discuss their audit findings.

Independent Auditor's Report

To the Members of Dzawada'enuxw First Nation:

Opinion

We have audited the consolidated financial statements of Dzawada'enuxw First Nation (the "First Nation"), which comprise the consolidated statement of financial position as at March 31, 2020, and the consolidated statements of operations and accumulated surplus, changes in net financial assets and cash flows for the year then ended, and notes to the consolidated financial statements, including a summary of significant accounting policies.

In our opinion, except for the effects of the matter described in the Basis for Qualified Opinion paragraph, the accompanying consolidated financial statements present fairly, in all material respects, the consolidated financial position of the First Nation as at March 31, 2020, and the results of its consolidated operations and its consolidated cash flows for the year then ended in accordance with Canadian public sector accounting standards.

Basis for Qualified Opinion

We were unable to obtain sufficient appropriate audit evidence to support the recognition of deferred revenue and the recognition of previously deferred revenue into revenue in the current year. As a result, we were unable to determine if adjustments are required to deferred revenue, revenue, annual surplus (deficit) and accumulated surplus for the years ended March 31, 2020 and March 31, 2019.

We conducted our audit in accordance with Canadian generally accepted auditing standards. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the First Nation in accordance with the ethical requirements that are relevant to our audit of the consolidated financial statements in Canada, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Responsibilities of Management and Those Charged with Governance for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of the consolidated financial statements in accordance with Canadian public sector accounting standards, and for such internal control as management determines is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, management is responsible for assessing the First Nation's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management intends to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the First Nation's financial reporting process.

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Canadian generally accepted auditing standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with Canadian generally accepted auditing standards, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the First Nation's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the First Nation's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the First Nation to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the First Nation to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

Dzawada'enuxw First Nation

Notes to the Consolidated Financial Statements

For the year ended March 31, 2020

1. Operations

The Dzawada'enuxw First Nation (the "First Nation") is located in the province of British Columbia, and provides various services to its members. Dzawada'enuxw First Nation includes the First Nation's members, government and all related entities that are accountable to the First Nation and are either owned or controlled by the First Nation.

2. Significant accounting policies

These consolidated financial statements are the representations of management, prepared in accordance with Canadian public sector accounting standards and include the following significant accounting policies:

Reporting entity

The financial statements consolidate the financial activities of all entities and departments comprising the First Nation reporting entity, except for First Nation business partnerships. Trusts administered on behalf of third parties by Dzawada'enuxw First Nation are excluded from the First Nation reporting entity.

The First Nation has consolidated the assets, liabilities, revenue and expenses of the following entities and departments

- CMHC Social Housing Program

All inter-entity balances have been eliminated on consolidation.

Dzawada'enuxw First Nation business partnerships, owned or controlled by the First Nation's Chair and Council but not dependent on the First Nation for their continuing operations, are included in the consolidated financial statements using the modified equity method. Under the modified equity method, the equity method of accounting is modified only to the extent that business partnership accounting principles are not adjusted to conform to those of the First Nation. Thus, the First Nation's investment in these partnerships is recorded at acquisition cost and is increased for the proportionate share of post acquisition earnings and decreased by post acquisition losses and distributions received. Partnerships accounted for by the modified equity basis include:

- Musgamagw Dzawada'enuxw Fisheries Group Limited Partnership
- Dzawada'enuxw Development Corporation

Basis of presentation

Sources of revenue and expenses are recorded on the accrual basis of accounting. The accrual basis of accounting recognizes revenue as it becomes available and measurable; expenses are recognized as they are incurred and measurable as a result of the receipt of goods or services and the creation of a legal obligation to pay.

Asset classification

Assets are classified as either financial or non-financial. Financial assets are assets that could be used to discharge existing liabilities or finance future operations. Non-financial assets are acquired, constructed or developed assets that do not normally provide resources to discharge existing liabilities but are employed to deliver government services, may be consumed in normal operations and are not for resale in the normal course of operations. Non-financial assets include tangible capital assets and prepaid expenses.

Cash and cash equivalents

Cash and cash equivalent include balances with banks. Cash subject to restrictions that prevent its use for current purposes is included in restricted cash.

Funds held in Ottawa Trust Fund

Funds held in trust on behalf of First Nation members by the Government of Canada in the Ottawa Trust Fund are reported on the consolidated statement of financial position with an offsetting amount in accumulated surplus. Trust moneys consist of:

- Capital trust moneys derived from non-renewable resource transactions on land or other First Nation capital assets; and
- Revenue trust moneys generated primarily through land leasing transactions or interest earned on deposits held in trust.

2. Significant accounting policies *(Continued from previous page)*

Tangible capital assets

Tangible capital assets are initially recorded at cost less accumulated amortization. Contributed tangible capital assets are recorded at their fair value at the date of contribution.

All intangible assets and items inherited by the right of the First Nation, such as reserved land, forests, water and mineral resources, are not recognized in the First Nation's consolidated financial statements.

Amortization

Tangible capital assets are amortized annually using the following methods at rates intended to amortize the cost of the assets over their estimated useful lives:

	<i>Method</i>	<i>Rate</i>
Buildings	straight-line	25 years
Infrastructure	straight-line	25-50 years
Automotive equipment	straight-line	5-10 years
Furniture and equipment	straight-line	5-10 years
Computer equipment	straight-line	3-6 years

Long-lived assets

Long-lived assets consist of tangible capital assets with finite useful lives. Long-lived assets held for use are measured and amortized as described in the applicable accounting policies.

The First Nation performs impairment testing on long-lived assets held for use whenever events or changes in circumstances indicate that the carrying amount of an asset, or group of assets, may not be recoverable. The carrying amount of a long-lived asset is not recoverable if the carrying amount exceeds the sum of the undiscounted future cash flows from its use and disposal. Impairment is measured as the amount by which the asset's carrying amount exceeds its fair value. Fair value is measured using quoted market prices. Any impairment is included in surplus (deficit) for the year.

Measurement uncertainty (use of estimates)

The preparation of consolidated financial statements in conformity with Canadian public sector accounting standards requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the consolidated financial statements, and the reported amounts of revenue and expenses during the reporting period.

Accounts receivable are stated after evaluation as to their collectability and an appropriate allowance for doubtful accounts is provided where considered necessary. Amortization is based on the estimated useful lives of tangible capital assets.

Net financial assets

The First Nation's consolidated financial statements are presented so as to highlight net financial assets as the measurement of consolidated financial position. The net financial assets of the First Nation are determined by its financial assets less its liabilities. Net financial assets are comprised of two components, non-financial assets and accumulated surplus.

For the year ended March 31, 2020

13. Indigenous Services Canada ("ISC") funding reconciliation

	2020	2019
Revenue per confirmation	2,666,178	2,732,707
ISC funding deferred	(704,552)	(637,895)
Recoveries	54,035	7,922
Deferred revenue recognized as revenue	444,978	739,243
	2,460,639	2,841,977

14. Economic dependence

Dzawada'enuxw First Nation receives a significant portion of its revenue from Indigenous Services Canada ("ISC") as a result of funding agreements entered into with the Government of Canada. These agreements are administered by ISC under the terms and conditions of the *Indian Act*. The ability of the First Nation to continue operations is dependent upon the Government of Canada's continued financial commitments as guaranteed by these agreements.

15. Defined contribution plan

Defined contribution pension plan

The First Nation has a defined contribution pension plan covering eligible members. Members are required to contribute 5.5% of their salary, and the First Nation matches this 5.5% contribution. The amount of retirement benefits to be received by the members will be the amount of retirement annuity that could be purchased based on the member's share of the pension plan at the time of the member's withdrawal from the plan. The First Nation contributions and corresponding expense totaled \$14,529 in 2020 (2019 - \$16,361). The First Nation does not have any other obligations with regards to the pension plan as at March 31, 2020.

16. Segments

The First Nation receives revenue and incurs expenses from many different projects and sources. For management and reporting purposes, the revenue, expenses and surplus or deficits are organized by the following segments:

Public Works:

Includes the maintenance of infrastructure owned by the First Nation.

Band Government:

Includes general operations, support, and financial management of the First Nation.

Education:

Includes revenue and expenses related to primary, secondary and post secondary education of the members of the First Nation.

Health:

Includes activities related to the provision of health services within the First Nation.

Community and Social Services:

Includes revenue and expenditures related to programs put on to support the First Nation community.

Economic Development:

Includes activities related to the growth of revenue producing projects with the First Nation.

Housing:

Includes revenue and expenditures related to band-owned and CMHC housing.

17. Budget information

The disclosed budget information has been approved by the Chair and Council of Dzawada'enuxw First Nation. The original budget was approved at the Chair and Council meeting held on August 19, 2019.

Approved budgets were not prepared for all programs of the First Nation. As such, the budget figures in the Consolidated Statement of Operations and Accumulated Surplus are not presented for the same scope of activities as the actual results.

Budget figures on the Consolidated Statement of Operations and Accumulated Surplus are presented using the same basis of accounting as the actual results. A reconciliation of these amounts to the Chair and Council approved budget is as follows:

Budgeted annual surplus per the Consolidated Statement of Operations and Accumulated Surplus	\$ 905,496
Adjusted for:	
<u>Capital items expensed in budget</u>	<u>\$(407,980)</u>
Budgeted annual surplus approved by Chair and Council	\$ 497,516

18. Significant event

In March 2020, there was a global outbreak of COVID-19 (coronavirus), which has had a significant impact on businesses through the restrictions put in place by the Canadian, provincial and municipal governments regarding travel, business operations and isolation/quarantine orders. At this time, it is unknown the extent of the impact the COVID-19 outbreak may have on the First Nation as this will depend on future developments that are highly uncertain and that cannot be predicted with confidence. These uncertainties arise from the inability to predict the ultimate geographic spread of the disease, and the duration of the outbreak, including the duration of travel restrictions, business closures or disruptions, and quarantine/isolation measures that are currently, or may be put, in place by Canada and other countries to fight the virus. While the extent of the impact is unknown, we anticipate this outbreak may cause reduced customer demand, supply chain disruptions, staff shortages, and increased government regulations, all of which may negatively impact the Company's business and financial condition.

19. Comparative figures

Certain comparative figures have been reclassified to conform with current year's presentation.
